

**Florida FFA Foundation, Inc.**  
**2006**  
**Annual Report**

Dear Friends of FFA:

*This has been a busy year for the Florida FFA Foundation and it is truly my honor to serve as its president. The Foundation has accomplished a number of goals in the past year that included some new fund raising programs, that have allowed us to improve the Awards and Services we provide to the FFA members.*

*This year, the Foundation Board of Directors has come together with a great deal of enthusiasm and hard work in several fund raising activities. We are proud to continue programs like our annual Beast Feast and auctions, the collectible model tractor program, the Buy -a- Brick Campaign, the La Quinta Inn partnership program, and the Bath Pond Book Series partnership with Lowell Teal. I hope that everyone realizes that the foundation must seek these types of partnerships and fund raising activities since we are not a tax supported foundation. All of these programs help us generate the necessary revenue for growing a successful foundation.*

*As I complete my term as President, I would like to remind everyone the Board of Directors is embarking on a bold new fund raising initiative. Through the efforts of the Foundation's Strategic Planning Committee, the Board began to address the current and future needs of the Foundation during the assessment process.*

*The Conclusions were:*

- 1. Renovate and refurbish existing Leadership Training Center facilities*
- 2. Complete the Leadership Training Center Project.*
- 3. We must establish an Endowment to fund academic scholarships.*
- 4. Establishment of a Facilities Preservation & Disaster Relief Fund for the Center.*

*Be assured the Board of Directors will address each of these issues in 2007. The strategy includes a plan to conduct a major capital campaign that will raise the necessary funds to fulfill the needs and expectations of our students and teachers in agriscience education.*

*As I mentioned earlier, the Foundation continues to grow and expand the Awards programs for Florida FFA members and chapters. This past year, we secured sponsorship for 7,000 awards made possible by 190 special project sponsors. This means on the average, over 50% of all Florida FFA Members receive an award during the year made possible by your FFA Foundation.*

*We couldn't have accomplished any of these obligations without the support of our generous sponsors. We truly appreciate the individuals, businesses and organizations who have provided funding, in-kind donations and time to provide the awards, services, scholarships and facilities that are available to the members of the FFA organization.*

*The goals of this Foundation are All directed toward providing the best education, training and leadership opportunities to FFA members and advisors. We continue to see FFA members quickly becoming our leaders in agriculture, industry, technology and government. Our future is in good hands if we all continue to support these opportunities for our FFA members. With these accomplishments and future strategic plans, the Foundation is committed and ready to serve FFA members with the best programs and training opportunities in the nation.*

*These are exciting times and we are blessed with some very talented FFA members. As part of team Ag Ed, we must work together to give FFA members and advisors the best opportunities available so we can develop more great leaders that will lead us into the future.*

*Thanks for all of your support and let's continue to be the best!*

Sincerely,

Richard Joyner  
President (2005-2006)
